THE FIRST EVER SAFE-T SUMMIT

SAFE ANAESTHESIA
SAFE-T
FOR EVERYBODY
-TODAY

Bringing together leading providers from the perioperative team, the summit will highlight the importance of working together to address the healthcare challenges identified by the Lancet Commission on Global Surgery. In partnership with related industry, governments and NGOs, this one day event will contribute to safer anaesthesia, surgical and obstetric care around the world.

World-renowned experts will open sessions with theme-setting presentations. Facilitated group discussions will develop recommendations and identify practical ways forward.
